Janet O'Flaherty

Editorial Assistants

Caroline Clark, Sarah Taylor

Technical Editor

Natalie West

Education and Practice is a new regular edition of *Archives of Disease in Childhood* that aims to assist paediatricians at all levels in their training and ongoing professional development. Each issue will contain evidence based "best practice" reviews, a case based approach to clinical problem solving, pharmacy updates on existing and new drugs, and a review of recent guidelines. The aim is for *Education and Practice* to evolve over the coming years to meet the needs of paediatricians.
